INFORMATION DISCLOSURE STATEMENT

Attached hereto is a copy of the recently received French Search Report. Also attached are copies of those references not already of record.

The cited German reference, DE 42 31 213 has already been filed. The other reference is a US patent.

The German reference is cited as a D and A reference, that is as having been cited in the application and of background interest. US '365 is cited only as showing the background of the invention. Neither reference anticipates the instant invention.
